Maps/Directions

Directions from:

North: Take Interstate 94 (Kennedy Expressway) south. (Note: Highway is called I-90/94 East but runs north-south in Chicago metro area). Exit at Ohio Street. Ohio Street is a one way exit eastbound. Follow Ohio Street for 12 traffic lights to Fairbanks Court. Turn left (north) on to Fairbanks Court and go north three blocks.

South: Take Interstate 55 North or I-57 North to I-90/94 West/East. Exit Congress Parkway/Expressway. Follow this road east until it ends at Columbus Drive. Turn left (north) on Columbus Drive, which turns into Fairbanks Court and go north about a mile.

West: Take Interstate 88 east to Interstate 290 East (Eisenhower Expressway). Follow the signs for Congress Parkway/Expressway. Follow this road until it ends at Columbus Drive. Turn left (north) on Columbus Drive, which turns into Fairbanks Court, and go north about a mile.

East: Take Interstate 80, I-90, or I-94 north to Chicago's Loop. Exit Congress Parkway/Expressway eastbound. Follow this road until it ends at Columbus Drive. Turn left (north) on Columbus Drive, which turns into Fairbanks Court and go north about a mile.
